

Weight Problems Early On

Weight Problems Early On

Joseph's issues with his weight gain started when his high school football playing days came to a completion and his eating habits were not very good.

According to Joseph, the diets he would attempt prior to lap band surgery in Tackling Weight Loss would work for a very short time and then his weight would go right up again.

Joseph sought out a lap band surgeon and said that once he found the right one, he was very comfortable with how he was treated by staff prior to and during his care.
